

## Vibrant, Versatile Lighting Solutions

RoscoLED Tape Profiles provide protection, diffusion and an aesthetic housing for cuts of RoscoLED Tape.

Featuring a wide range of sizes and different lens options, these aluminum profiles are durable, easy to install and provide enhanced thermal performance for RoscoLED Tape.

### KEY FEATURES

- Available in easy-to-ship 1m lengths
- Kits include end caps and mounting clips for a complete installation
- Frosted, clear or beam-shaping lens configurations available
- Field cut-able to meet the needs of any custom project
